Dear Parents,

18th March 2025

Appropriate Communication By Parents Around School

I'm sure that you would all agree that the relationships children see have a significant impact on their well-being and behaviours.

I wrote to everyone a couple of weeks ago to remind all of our parents that we expect your communication with school staff to be polite and respectful; even if we are solving what are sometimes 'emotional' issues for your children.

From this point of view, we have introduced our 'Staff and Parent Respect Notice' to support positive communication and naturally pointed out that any aggressive, offensive or intimidating behaviour will not be tolerated in our School.

With this respectful communication in mind, I am asking parents to communicate with each other in an equally courteous manner.

Over the last few weeks, we have had a number of incidents where parents have had arguments with each other at the School Gate or within the immediate area of our School.

Some parents might say that this is none of the School's business. However, when those arguments erupt into aggressive behaviours, including poor language, which the vast majority of parents would not want their children exposed to, I would suggest that it is the School's business.

Therefore, could I ask parents to communicate with everyone connected to our School in an appropriate way? This will ensure that our children are not subjected to any inappropriate actions or language.

As usual, please contact the School if you have a query or worry about your child and then our professionals can support you in the right way.

Yours sincerely

Nick Huxley
Headteacher
