Dear Parents and Carers,

Dangerous and illegal parking around Sagar Fold

In the last few days, I have received complaints from a residents of Sagar Fold regarding some of our parents' inconsiderate, illegal and dangerous parking at the end of the School day.

Parking was so bad last Friday, with cars double parked throughout Sagar Fold, that residents were unable to enter or leave their own property!

Therefore, I would like to remind parents that it is illegal to park on any of the single yellow lines around school, including those that are clearly marked in Sagar Fold, between the times of 8.00am and 9.00am and 3.00pm and 4.00pm. There are signs on Town Green lane which give this instruction.

As a School, we are continuing to work with the Safer Travel Team and have been told that we will get more support for our area from the Traffic Enforcement Team in the coming weeks. Indeed, any parent that sees dangerous or illegal parking of any kind around School can report an issue by ringing: 0800 1952774.

It would undoubtedly be safer for everyone if parents would park further away from school and walk a small distance to collect their child. Aughton Village Hall has a free short stay carpark which parents are very welcome to use.

It is not fair to any homeowner to block access to their own home; I am confident that all parents would be equally frustrated if this happened to you on a daily basis!

So once again, please reflect on your driving and parking arrangements and make a change if you know you are parking illegally or dangerously.

Yours sincerely,

Nick Huxley
Headteacher
